

## User Flow Diagrams – draft 1

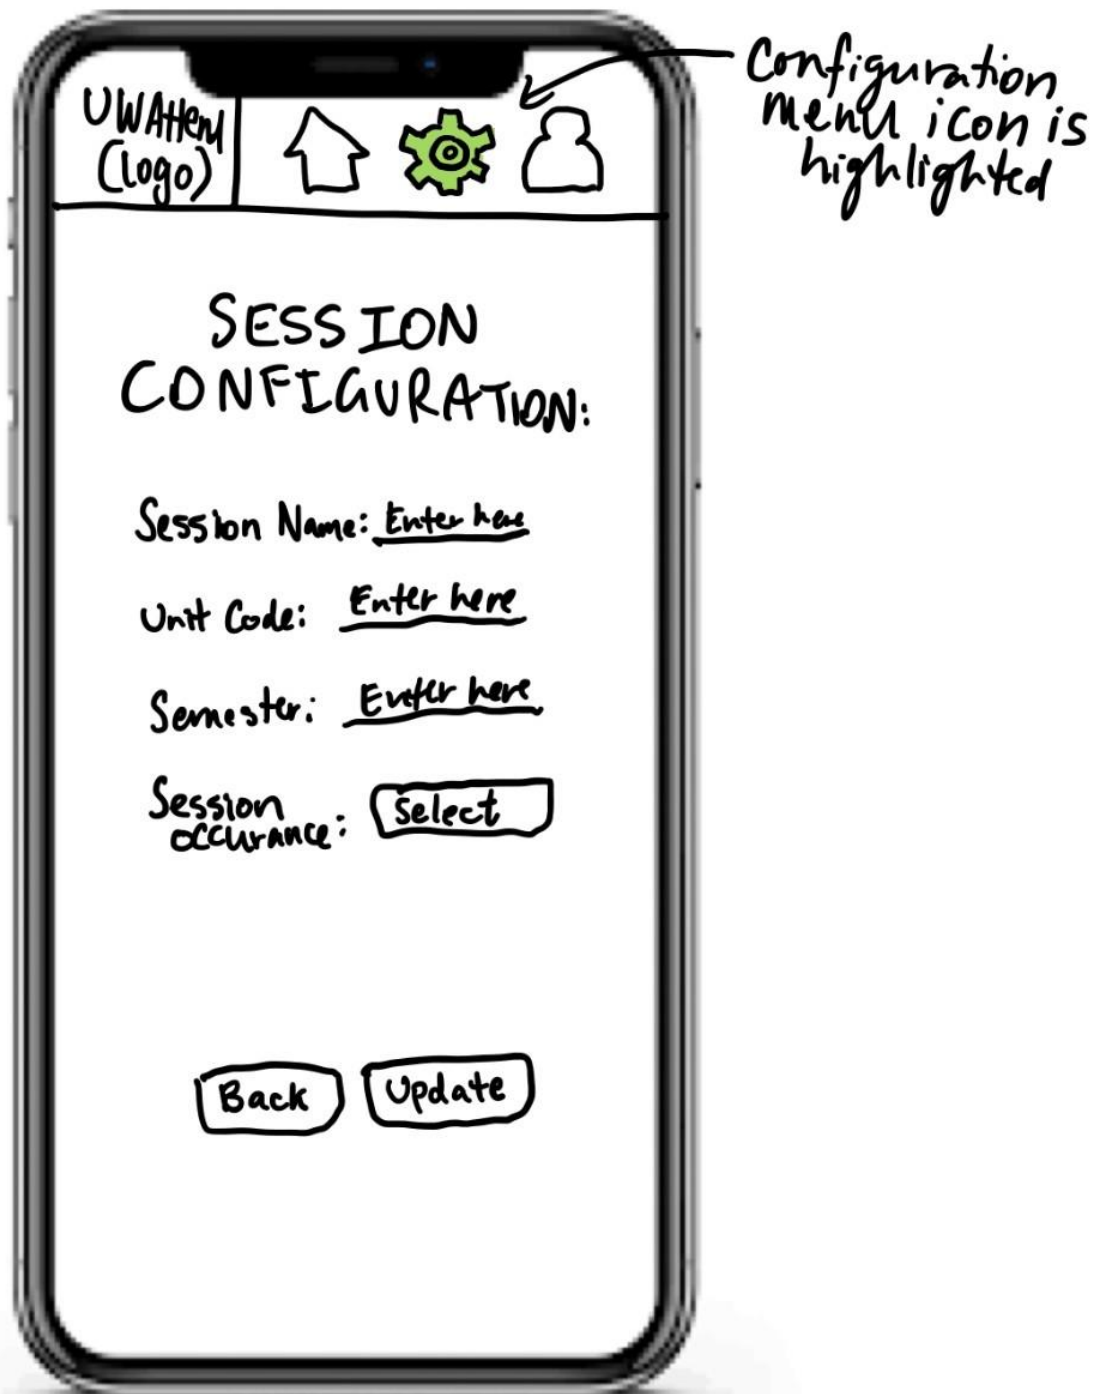

If the site remembers them (and they've sign in before) then it will take them straight to the configuration menu page.

### 1. Login Page (facilitators)

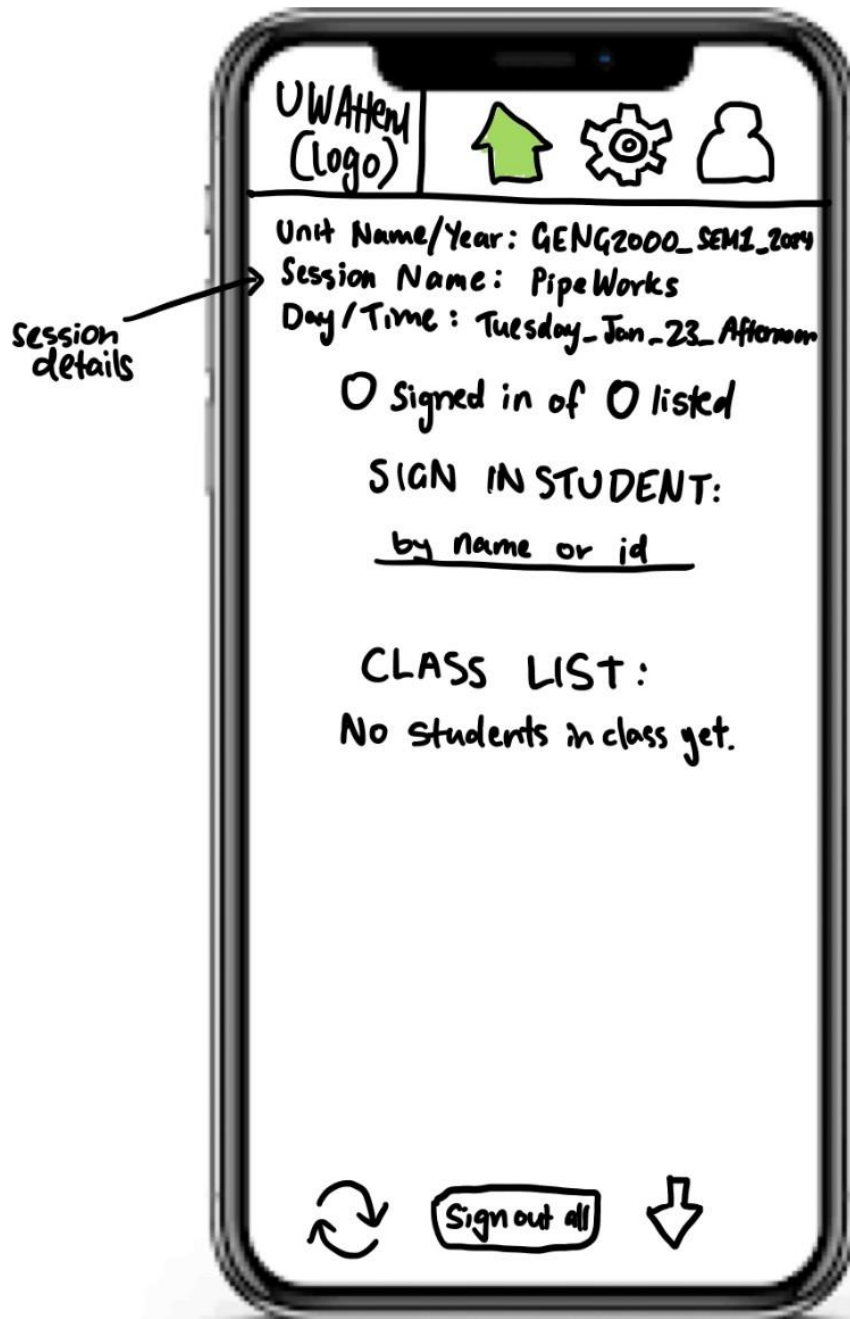

The sketch shows a mobile phone screen with the following elements:

- UWATen (Logo)**: Located in the top left corner of the screen.
- navbar hidden before login**: A handwritten note with an arrow pointing to the top of the screen, indicating the navigation bar is hidden.
- Login**: The main heading in the center of the screen.
- Please log in below.**: A sub-heading or instruction below the main heading.
- Email**: A label for the first input field.
- Password**: A label for the second input field.
- Forgot Password**: A link located below the password input field.
- Remember Me**: A checkbox with the text "Remember Me" next to it.
- Login**: A button located at the bottom of the form.

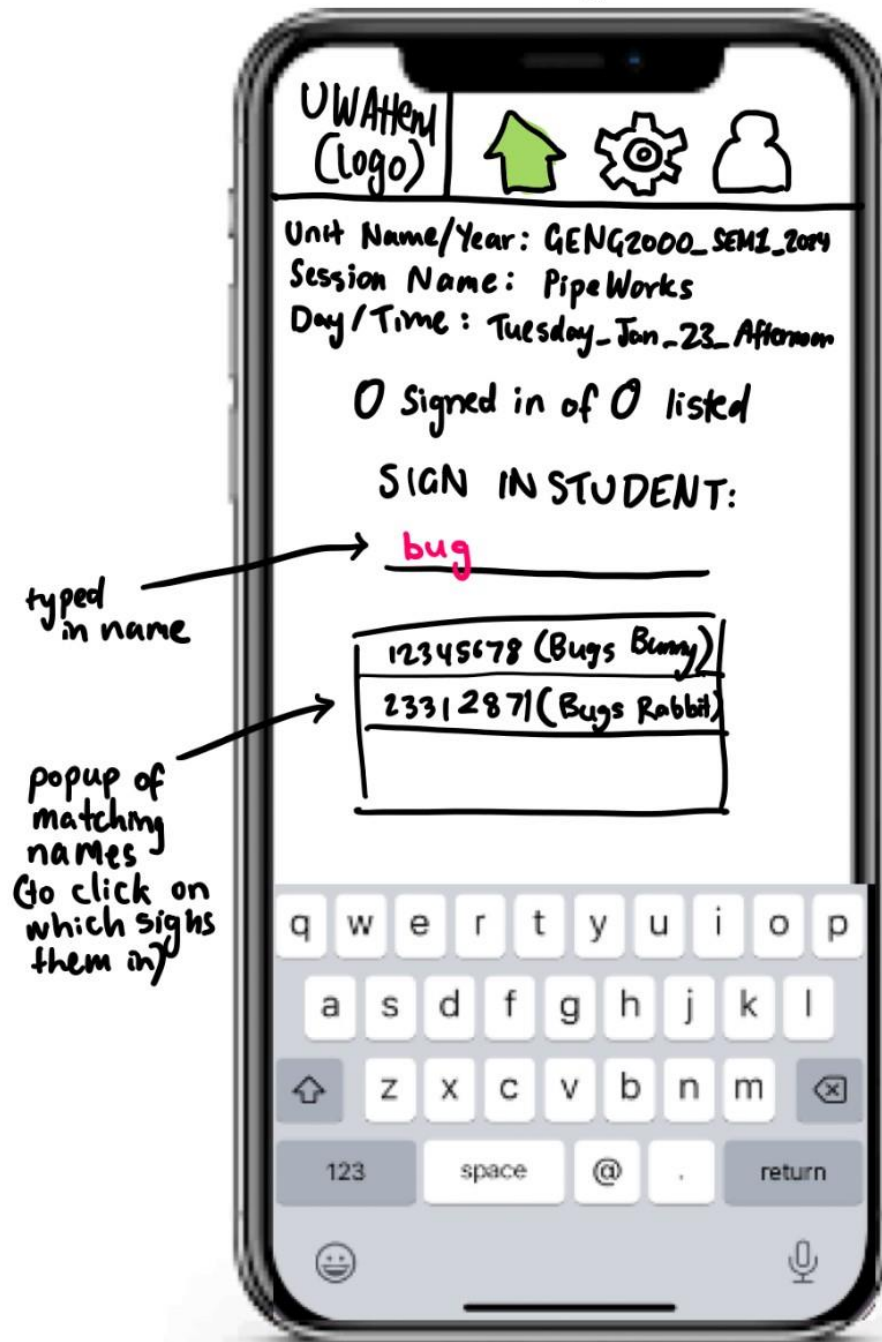

## 2. Configuration Menu Page

3. Home page (immediately from config menu, i.e. 0 students)

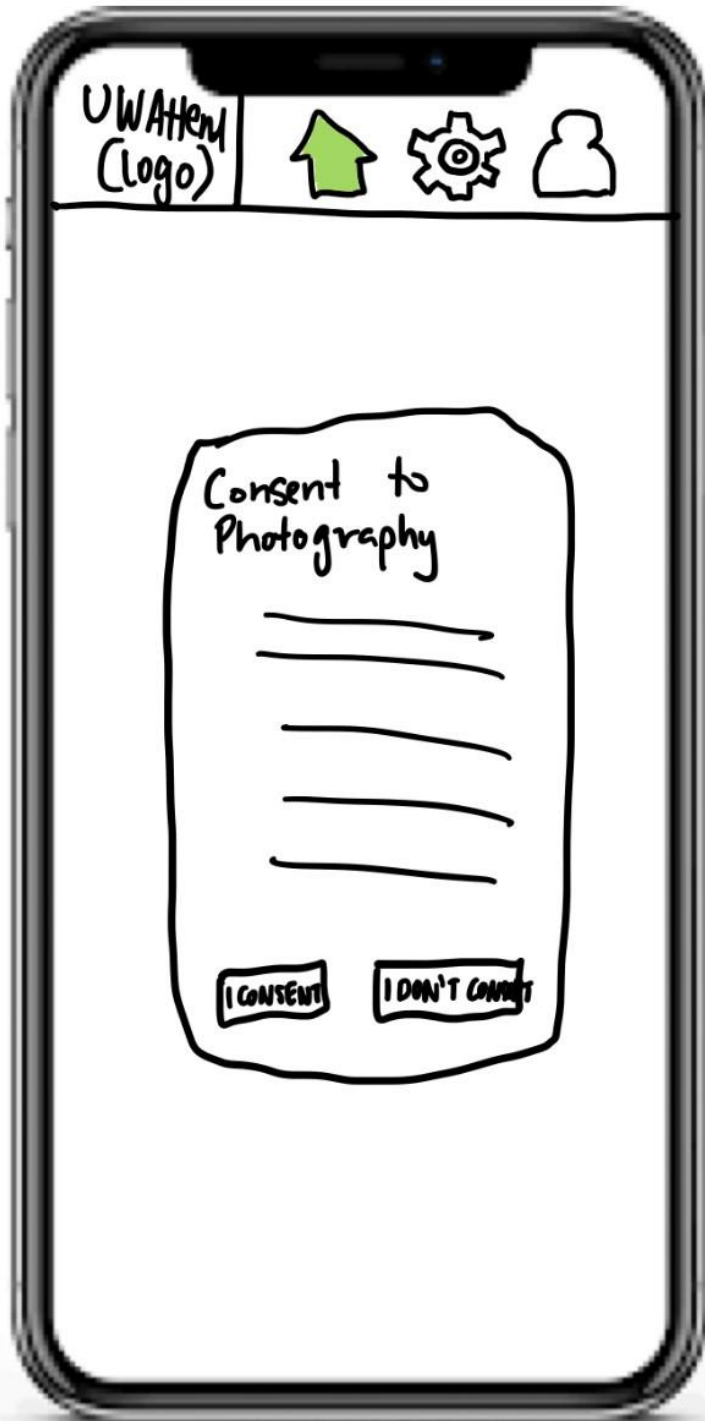

#### 4. Home page (signing in a student)

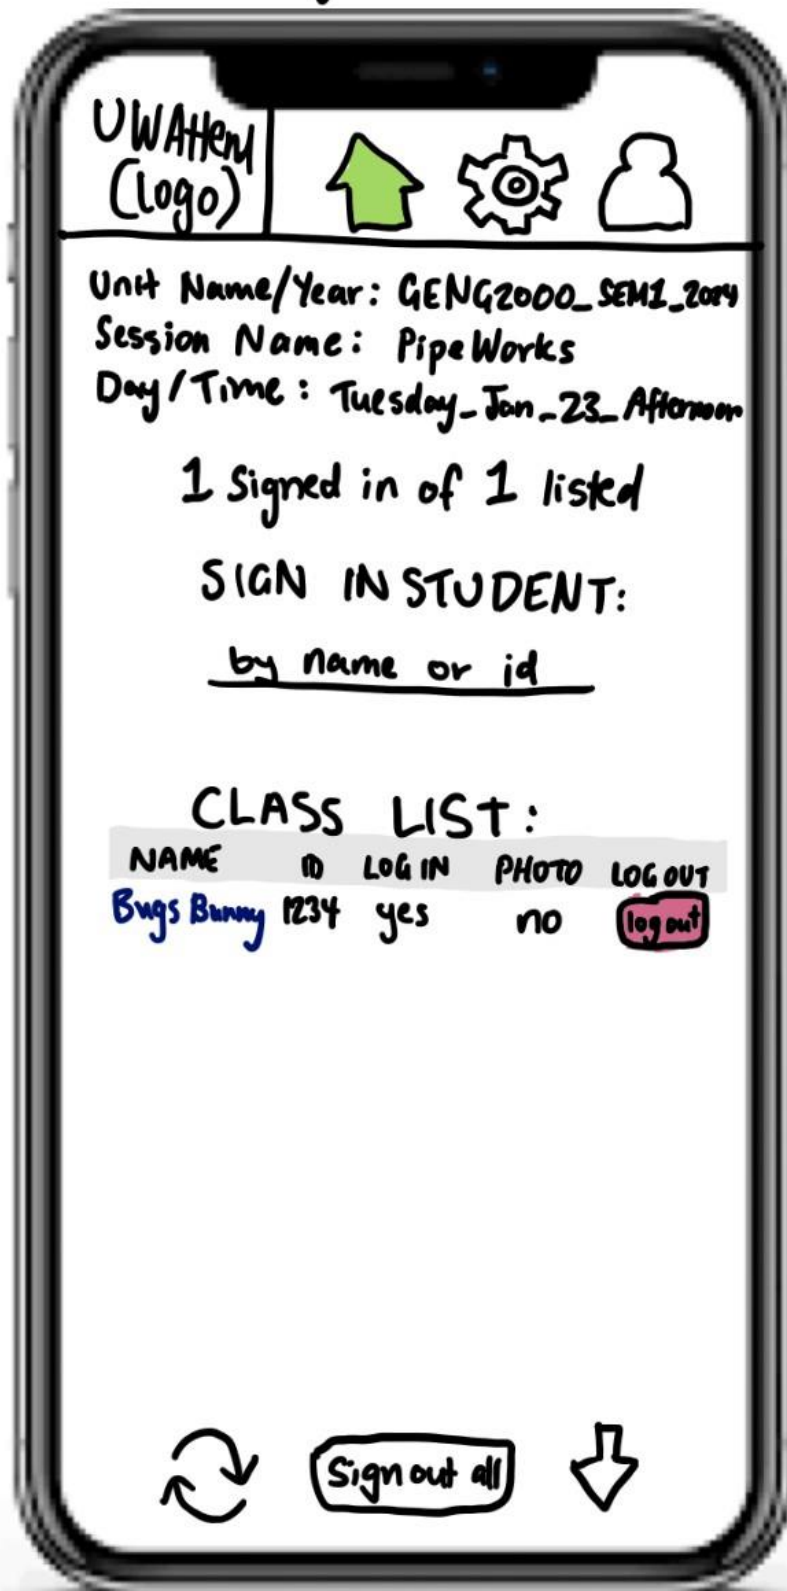

## 5. Consent to Photography Popup (Modal)

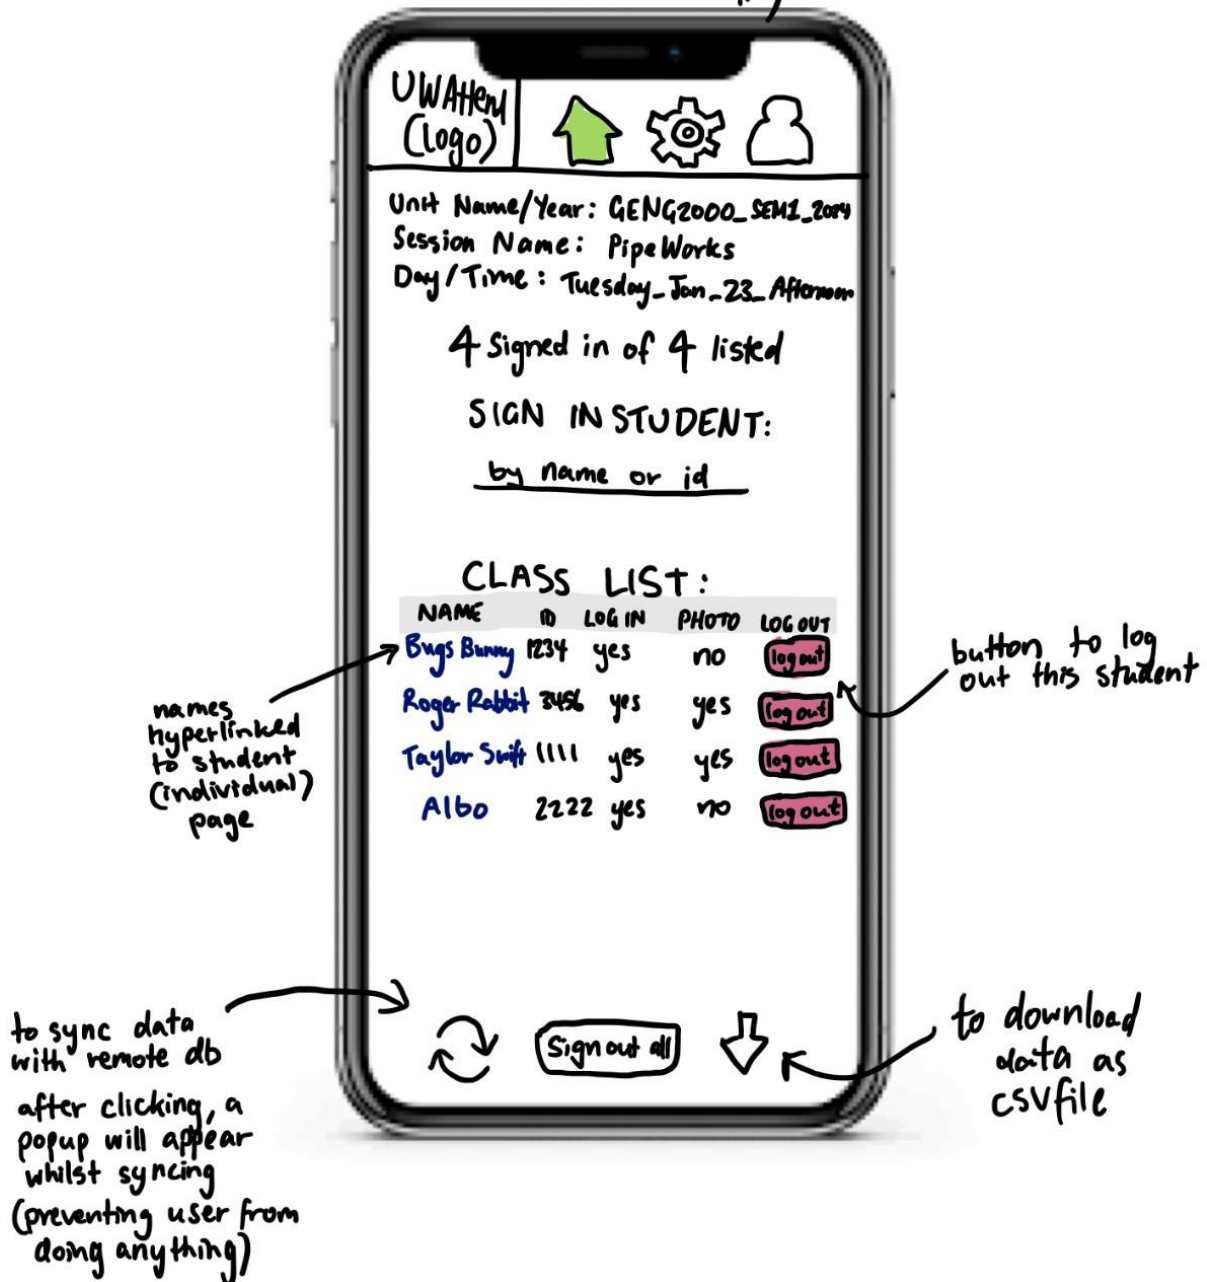

(after clicking on student to sign them in)

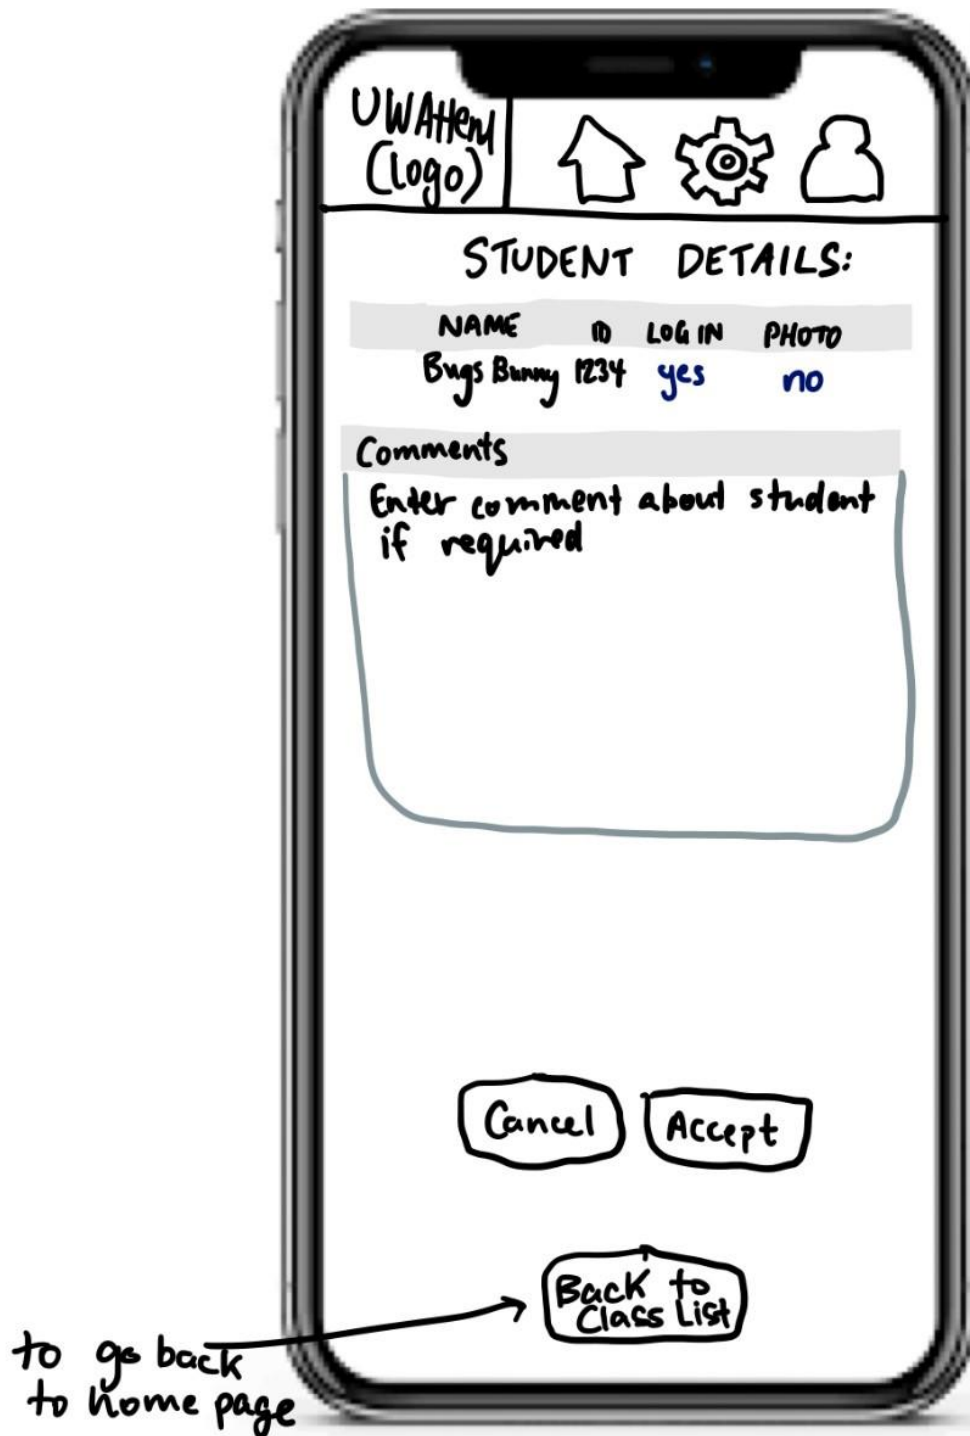

## 6. Homepage (after student has signed in)

## 7. Home page (after multiple signed in)

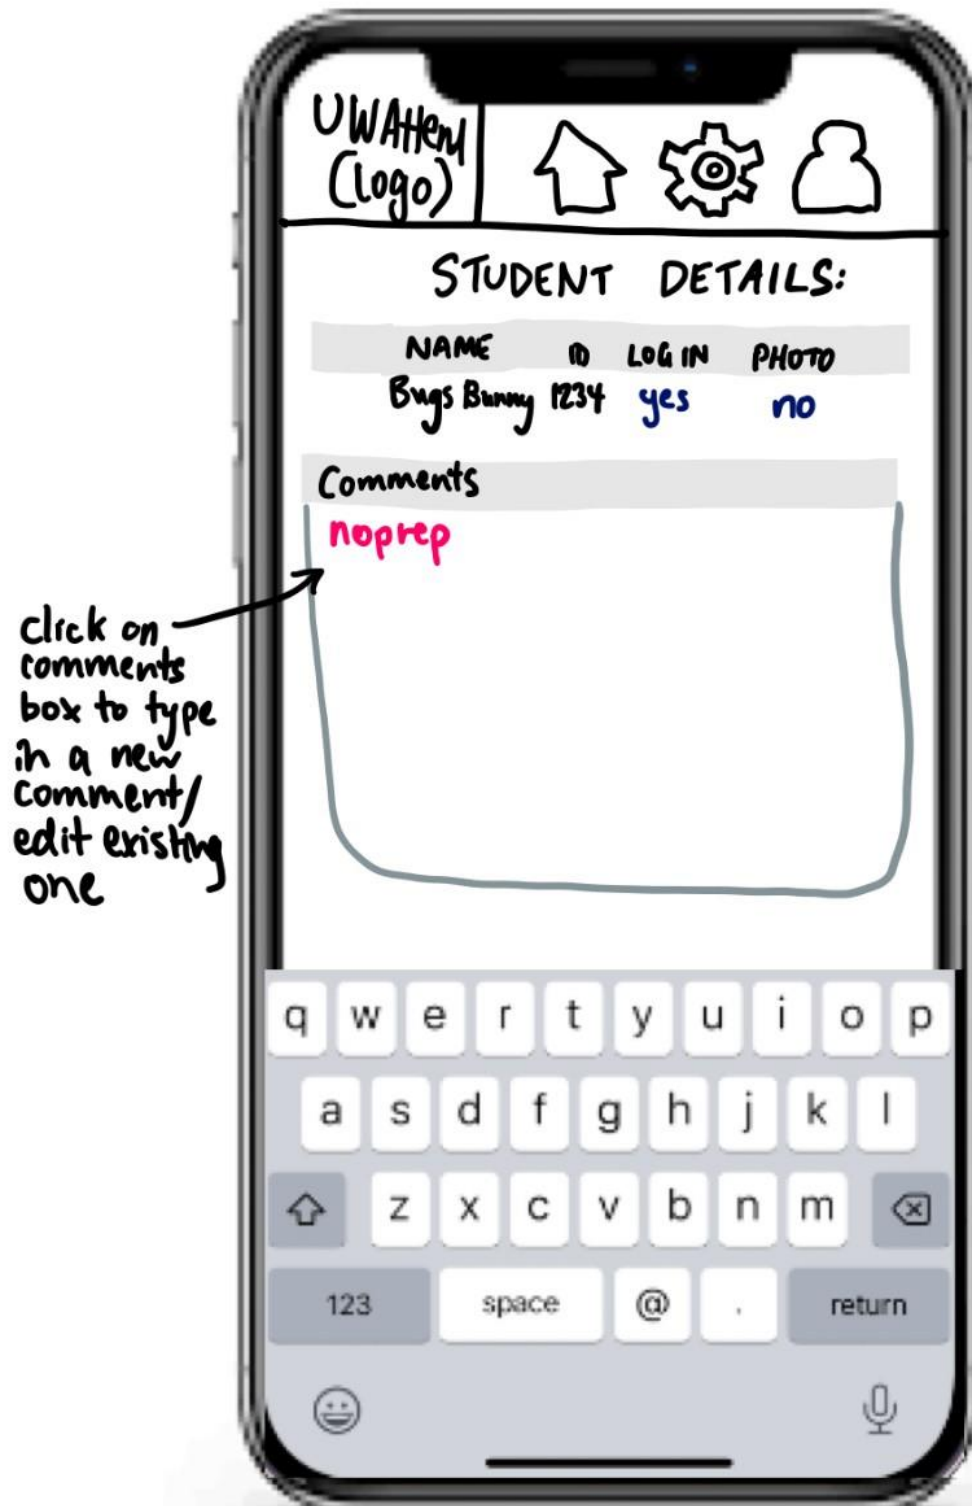

## 8. Student Page (after clicking on student's name in class list)

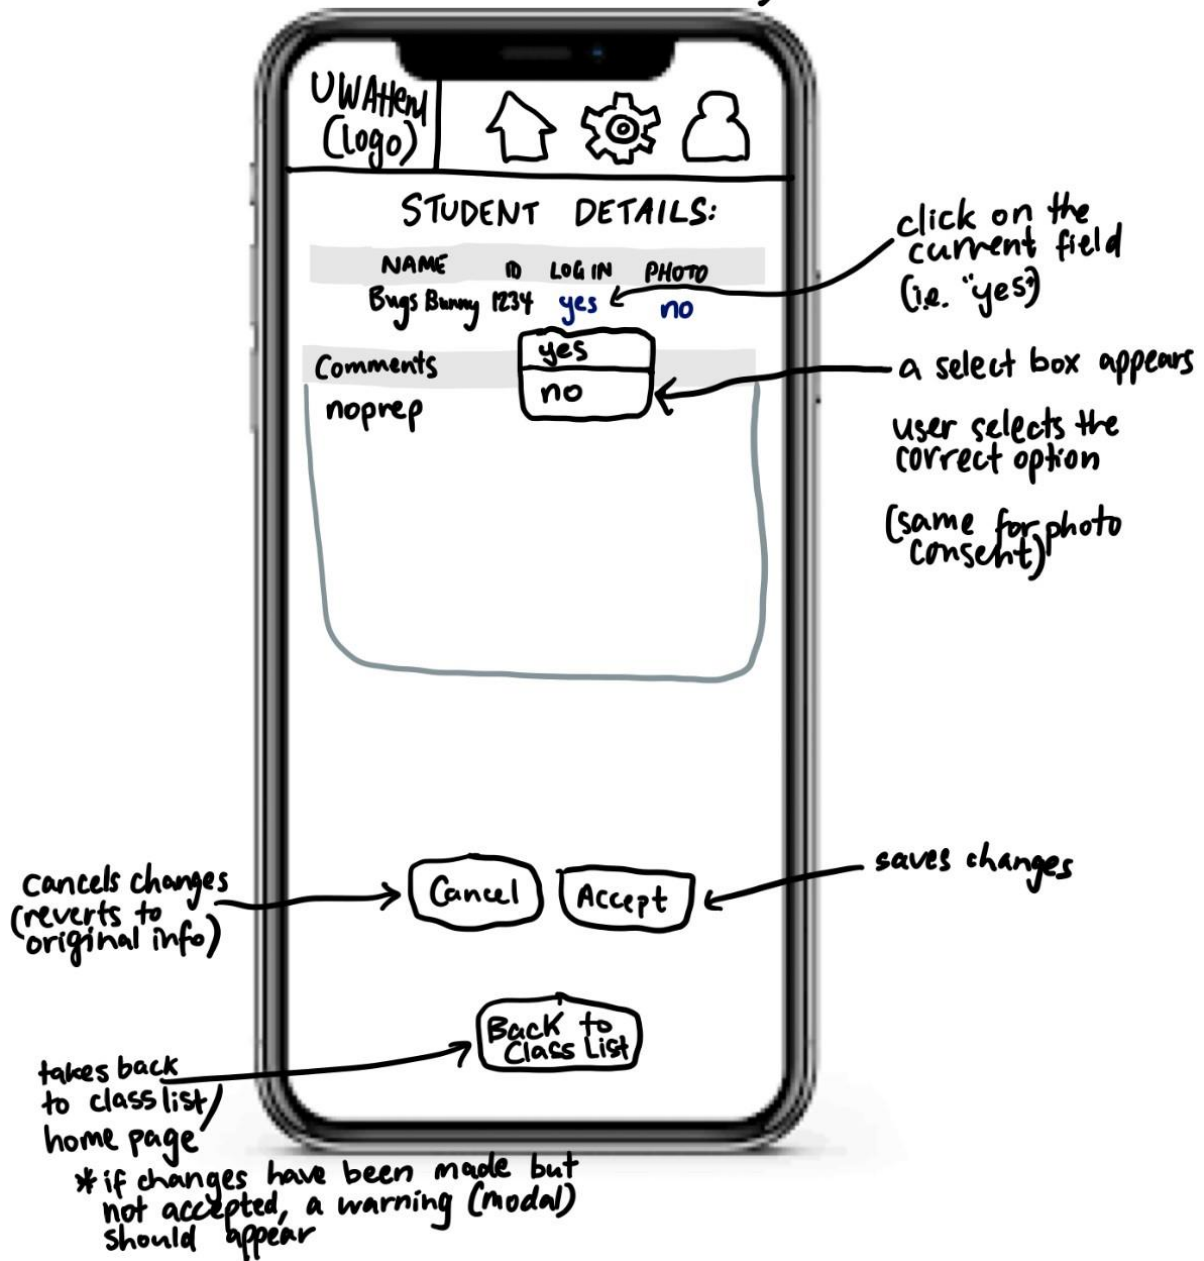

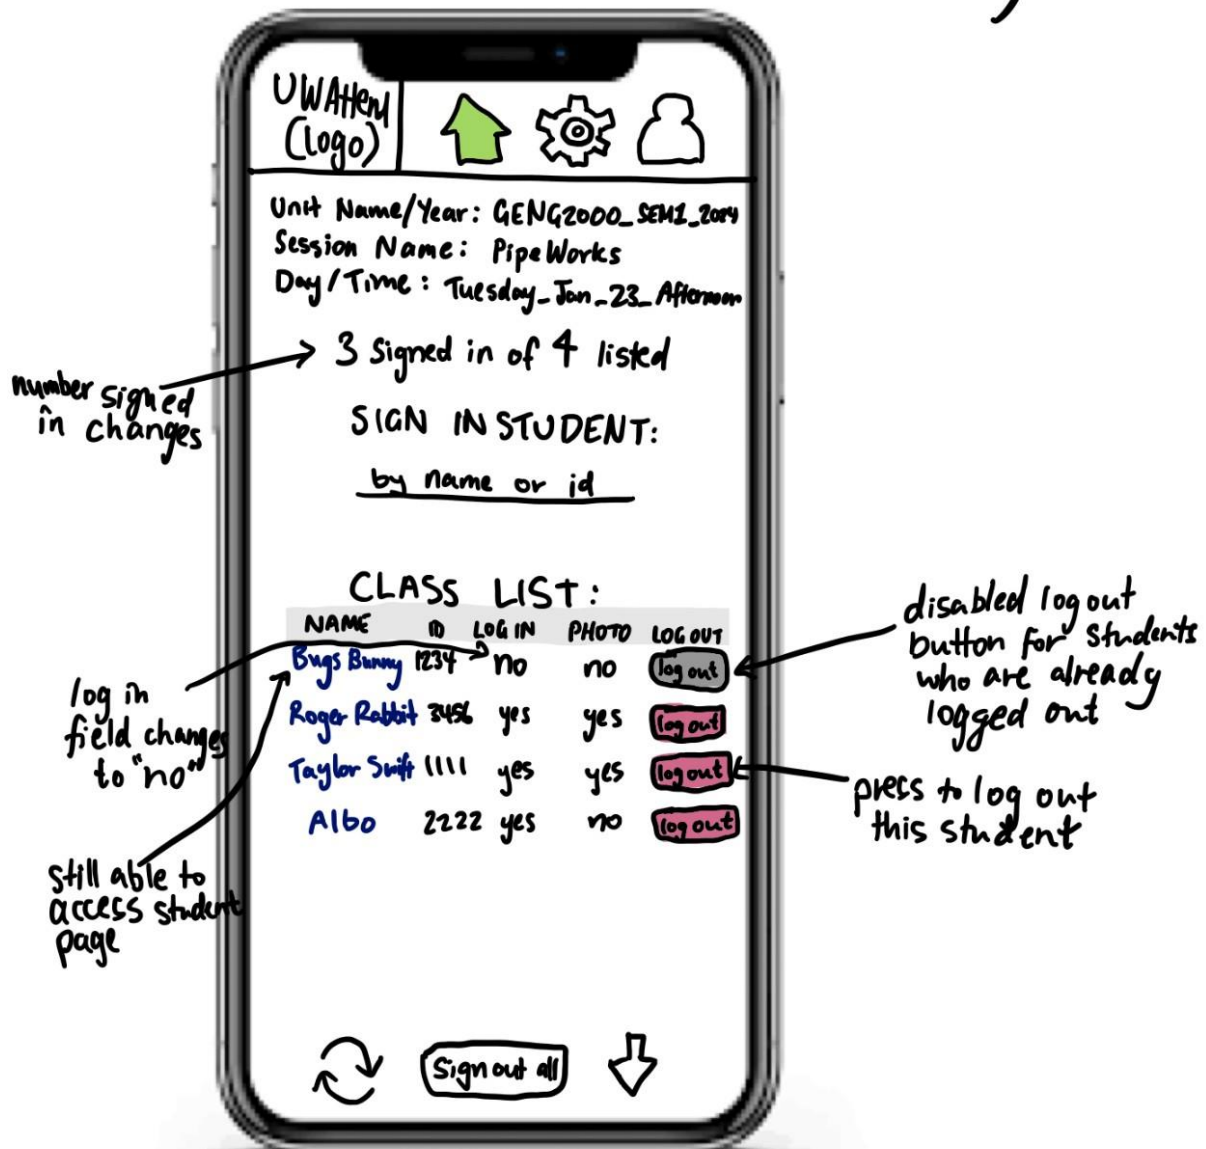

## 9. Student Page (adding a comment)

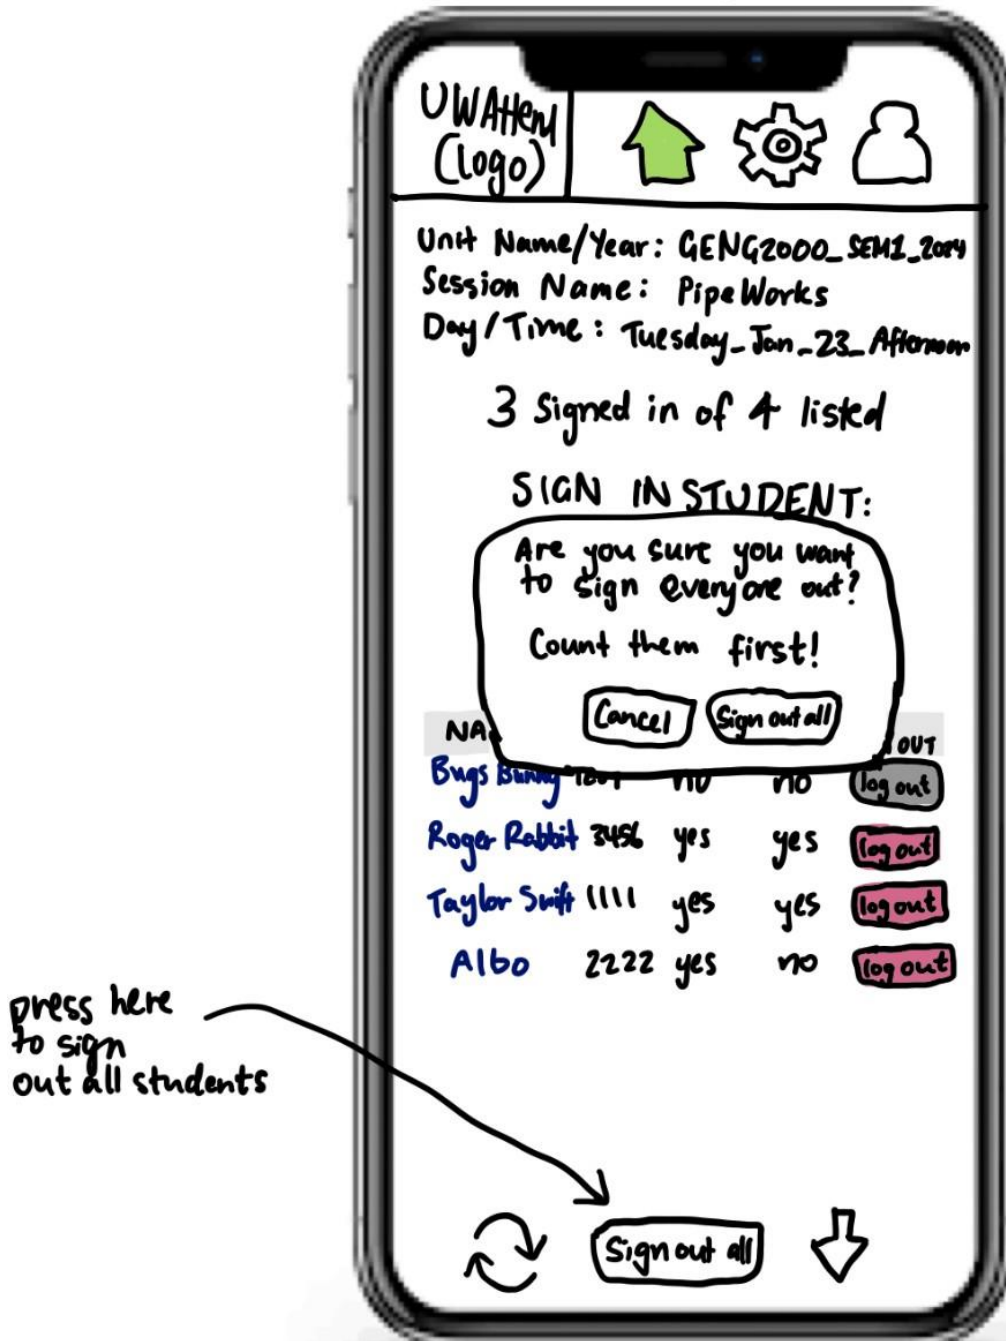

## 10. Student Page (changing log in field)

## 11. Home Page (after logging student out)

## 12. Sign out all Warning (modal) (after clicking "sign out all")

### 13. Profile /user settings
